

AIM University Group Inc

www.AimUniversityGroup.Org |

150 South Pine Island Road, Plantation, Florida 33324

AIM University Group offers globally recognised qualifications which are awarded by the Business And Technology Education Council (BTEC) – the UK’s largest examination board - and accredited by the UK Government, through the Office of Qualifications and Examination Regulators (OFQUAL) and the Qualifications And Curriculum Authority (QCA). Our students are granted advanced placements at universities world-wide with streamlined university pathway for our learners to study and work the final years in Canada, USA, and UK.

We’re set to hire and train 5,000 Recruiting Agents and Team Leads in over 52 countries by end of 2021.

- **Team Members** | If you’re interested in higher education, and are looking for new revenue stream, become an *Authorized Student Recruitment Agent for AIM University Group*. You can earn US\$1,060 every 30 days when you enroll three (3) students plus US\$276 to \$519 for each additional student. You can also become authorized to recruit other Agents and earn a separate income. Successful Agents can earn up to \$2,000.
- **Team leaders** | If you’re looking to be promoted to Team Leader and triple your income, this is the perfect opportunity to grow and lead a productive multi-cultural team. Team Leaders are responsible for recruiting, managing, and leading our global sales workforce in over 52 countries. The remuneration is calculated monthly and include stipend, cash bonus of US\$2,000 on 50,000 team points, commission from your team of 50 -200 members, and training fee of US\$150 for every new Team Lead. Your earning is influenced by your capability to inspire and motivate high performance within the team. Low producers can earn US\$2,500, medium producers can earn up to US\$4,000, and high performers will net over US\$6,000.

Team Leaders are authorized student recruiters as well as authorized team leads. This puts you in a unique position for multiple streams of income when you double being a recruiter and team leader. Team Leads can also choose to focus solely on training and managing new team members to maximize the potential of the team. So, if you have a passion for people, a desire for professional growth and development, and can learn to lead effectively, you’ll make a decent income as a Team Leader at AIM University Group.

TRAINING AND ONBOARDING NEW AGENTS

The training and onboarding of all new team members is three days, and absolutely free of cost. New and existing agents wishing to increase their learning, productivity and income as Team Leaders must complete an additional 45-hours training program to learn to lead and manage a cross-cultural sales team successfully. The cost of the Team Lead Training is \$350. Once an Agent begins the Team Lead Training, they can begin to add members to their team.

PROFESSIONAL DEVELOPMENT CERTIFICATION FOR TEAM LEADERS

Certificate Of Professional Development In Global Workforce Development: Leading And Managing Teams For Sales Productivity

On page 2, see the sample Team Lead Certificate to be awarded upon completing the 45 hours of professional development
